UNSOURCED FACTS DELIVERED: 0.

Every fact entry in this chronology was admitted only because each of its words appears in text quoted from its cited source page, and any date it asserts is printed on that page. A statement that cannot be anchored this way is withheld and reported; it cannot be delivered, by construction. Reviewer attestations, where present, are labeled and counted separately, and are never mixed with cited entries.

REVIEW: not yet verified. No reviewer has confirmed this document; verify each entry against its linked page before relying on it.

Not yet reviewed by a person: 64 facts extracted, 0 refused

Medical chronology prepared for attorney review. Every entry is quoted from and linked to its source page; entries are an index to the records, not a substitute for reading them, and contain no medical opinion. Not for use in QME/AME med-legal report preparation (Lab. Code § 4628).

AI-assisted, human-verified, every fact cited to source.
